VENLUREE

A ROOM, CONSIDERED

Urbansheer blinds bring curtain-like softness with blind-like control

Soft fabric folds create an elegant, flowing finish while a simple twist of the wand adjusts light and privacy.

With no bottom weights or chains, you can walk through them anywhere.

The folds sway aside and settle back into place.

Designed around your home

Custom-made for your windows

Professionally installed

COMFORT, LIGHT, PRIVACY

Beautifully balanced. Day and night.

01

Shape the light

Rotate the folds to move between open views, softly filtered daylight and greater shade.

02

Create privacy

Turn the wand so the opaque fabric sections overlap when more privacy is required.

03

Walk through anywhere

With no bottom chains or weights, the soft folds move aside and settle back neatly.

LIGHT CONTROL

Choose the finish that suits your room.

Open view, filter light or greater privacy

Privacy Position

Opaque sections overlap for privacy and greater light control.

Filter Light

Half-rotate the folds to soften glare while retaining natural light.

Open and walk through

Let in more light and move through the soft folds anywhere.

OPERATION AND CONTROL

Made to work beautifully.

Twist wand control

Rotate the folds to adjust light and privacy, then draw them aside like curtains.

Chain control

A simple corded chain lets you open, close, and adjust the blind smoothly, with no wand needed.

Walk-through design

No bottom weights or chains means you can pass through at any point.
