Roller Blinds

Roller blinds offer both welcome shade in summer and insulation in winter.

Venluree's

Roller Blinds

offer both welcome shade in summer and insulation during the winter months. With technical advances in fabric and control,

Roller Blinds

add versatility and simple elegance to any interior setting. Venluree has an extensive range of Roller Blind fabrics in a vast variety of colours, to compliment your interior décor.

Venluree's combination of Roller Blind fabrics can offer a plain contemporary finish, subtle or intense textured weaves, translucent opaque design or the popular sheer like Sunfilter range. All of Venluree's Roller Blind fabrics can be colour coordinated with our bottom rail, mechanism and control chain.

Roller Blinds

blockout fabrics have come a long way and are now available in many different colours and textures to compliment your interior décor.

Blockout

Roller Blinds

provide you with complete privacy during the day and night.

Venluree's Sunfilter

Roller Blinds

not only come in an extensive colour range but provide you with privacy during the day while still being able to enjoy the view outside. Sunfilter

Roller Blinds

FEATURES

Double brackets to accommodate both blackout & sunfilter blinds on one system

Intermediate brackets for joint control

Softlift mechanisms to help with lift

Fabric cut on an automated ultrasonic cutting table for exact squareness

OPTIONS

Tube sizes of 45mm, 45HDmm, 60mm

Plastic, metal and stainless chain available in a various lengths

Control mechanisms, brackets & rails in a range of colours to compliment or match fabric or joinery

Extruded reinforced aluminium tube

Oval, round, and rectangular bottom rails in a wide range of colours

also provide protection from the effects of New Zealand's harsh sunlight, while still allowing soft filtered light into your living spaces.

Translucent

Roller Blinds

offer an opaque style fabric that allows transfused light into your living space. Unlike Sunfilters, it is not an open weave so provides a degree of privacy at night.

Venluree's

Roller Blinds

can be fitted with child safety devices or controlled by an automated system without chains.

With more than 50 years in the industry, Venluree has worked with our raw material suppliers in research and development to bring you the most effective and technological advanced products. These are backed by Venluree's full comprehensive warranty.

Let Venluree bring style and a professional interior design feel into your home. We have a representative near you, so call us today to arrange a visit from our mobile showroom and a FREE in-home consultation.
