

Aluminium Venetian Blinds

Venetian blinds can transform any room in the home into an elegant and warm environment.

Venetian blinds can transform any room in the home into an elegant and warm environment. A wand allows you to control the amount of light in each room and provide complete privacy.

Venluree designs each blind to your specifications and the exclusive reinforced head rail with light control lip allows us to manufacture blinds up to 3.6 metres wide and drops of 2.5 metres.

Venluree provides solutions for curved or angled windows as well and can handmake a venetian blind to cover most architecturally designed window shapes.
