

Outdoor Blinds – eZIP

Outdoor Blinds eZIP® – Perfect for Kiwi Living

Looking to seamlessly connect your indoor and outdoor spaces? With **outdoor blinds**

, you can enjoy the outdoors in comfort and style, no matter the season. Whether you're designing an alfresco dining area, creating a weather-protected pergola, or setting up an outdoor kitchen, eZIP® outdoor blinds are a top-notch solution.

Plus, with an impressive
10-year warranty

*, these blinds are a reliable and long-lasting investment.

Why Choose eZIP® Outdoor Blinds?

Outdoor blinds do much more than cover your space—they enhance your lifestyle. Here's why they're a must-have for Kiwi homes:

1.

COMFORT ALL YEAR ROUND

eZIP® blinds provide excellent sun protection, reducing glare, heat, and harmful UV rays. They make outdoor spaces cooler and more comfortable, especially during those scorching New Zealand summers.

SUN & UV PROTECTION

Protection all year round from harsh sun and the elements, protecting and enhancing your outdoor living

GLARE CONTROL

Blocks up to 90% of the Sun's glare, and protects outdoor living decors

WIND RESISTANT

With 25% more aluminium than other systems, peace of mind that it will perform under harsh conditions

PRIVACY

Extend your outdoor living with privacy using exterior mesh or Clear PVC

INSECT PROTECTION

Being a fully enclosed screen with side channels it provides excellent Insect protection

2.

WEATHER PROTECTION

Our unpredictable weather is no match for eZIP® outdoor blinds. Designed to shield your outdoor areas from wind, rain, and sun, they allow you to enjoy your patio or deck throughout the year while protecting your furniture from the elements.

3.

PRIVACY AND SECURITY

Enjoy your outdoor spaces in peace with eZIP® blinds. They offer privacy for your patio, balcony, or deck, creating a sanctuary away from prying eyes. Their sturdy design also provides an added layer of security.

4.

ENERGY SAVINGS

By blocking direct sunlight, eZIP® blinds help regulate your home's temperature, reducing the need for air conditioning. This can lead to lower power bills and a more sustainable lifestyle.

5.

STYLISH AND CUSTOMISABLE

With a range of colours, fabrics, and operating options, eZIP® blinds cater to modern and traditional aesthetics alike. Choose from manual or motorised systems to suit your preferences, ensuring they blend perfectly with your home's design.

6.

FABRIC LAY FLAT TECHNOLOGY

Self lubricating polymer zip designed for problem-free blind rolling with no fabric distortion

EZIP MOTION TECHNOLOGY

Floating side channel with fully concealed side retention for ultimate performance and protection

AUTOMATION

Control at the touch of your finger, Wire free and hard wired motor options available, with remote or smart phone app technology through our exclusive Linx motor range.

ADD VALUE TO YOUR PROPERTY

Outdoor blinds not only improve the look of your home but also add functionality to unused spaces. Whether you're creating an outdoor lounge or a private dining area, these enhancements can increase your property's overall value.

7.

SAFE FOR KIDS AND PETS

With motorised and spring-tensioned options, eZIP® blinds are free of loose cords, making them safe for children and pets.

NEW ZEALAND QUALITY

2.

PREMIUM PELMETS

The sleek 135mm pelmet headbox is made from extruded aluminium, offering both durability and a modern look. The fully enclosed design protects your blinds from wear and tear, while reinforced end caps ensure long-lasting performance.

2.

WEATHER SEALS

Heat-resistant polyurethane bumper strips are available in 12mm and 28mm sizes to provide an extra barrier against wind and rain.

3.

VERSATILE OPERATION

Choose from two control mechanisms:

- **Spring-assisted tension control**
: A smooth manual operation.
- **Motorised system**
: The ultimate convenience, with advanced automation options.

4.

COLOUR OPTIONS

Choose from
Woodland Grey
and
Black

as standard colours at no extra cost.

For a bespoke look, customize your blinds with any
Dulux standard colour range
(additional charges apply).

5.

SUPERIOR FABRICS

The Atmosphere range offers a variety of fabric styles with openness levels from 0% to 5%, balancing light control, privacy, and outdoor views.
