umbrellas with distinction

Venluree's Shadowspec Outdoor Umbrellas

Venluree's Shadowspec outdoor umbrellas offer an unparalleled combination of style and functionality for your outdoor spaces. Designed and handcrafted in New Zealand, these premium outdoor umbrellas come in a range of styles, including Cantilever, Single Pole, and Wall-Mounted options. Each umbrella is built using the highest grade materials to ensure long-lasting durability and effective sun and weather protection. With a diverse selection of sizes, colors, and mounting options, Venluree's Shadowspec outdoor umbrellas are tailored to meet all your shading needs while enhancing the aesthetic of any outdoor setting.

What is a Cantilever Umbrella?

SERENITY CANTILEVER UMBRELLAS

Shadowspec Serenity - Precision engineered ambience with patented technology

Available in Square or Octagonal shapes, 2.5m, 3m and 3.5m

Frame warranty 6 years, Fabric warranty 10 years

Shadowlift - Gas-assisted deployment for an easy lift.

Shadowglide - no internal cable, Engineered to open or close in 5 seconds.

Shadowlock - Integrated security and wind-protection.

Shadowhub - LED light technology built-in and app controlled

Marine grade 316 stainless materials, hand made in New Zealand

A cantilever umbrella is a sophisticated outdoor shading solution designed to offer maximum coverage with minimal obstruction. Unlike traditional umbrellas with a central support pole, a cantilever umbrella features an off-center pole that allows the canopy to extend freely over a larger area. This design makes it ideal for providing shade over outdoor spaces such as patios, decks, and pool areas without interfering with furniture or walkways. The cantilever umbrella combines elegance with functionality, making it a popular choice for enhancing outdoor aesthetics while delivering superior sun protection. Ideal for both residential and commercial settings, this umbrella offers versatility and style to meet various shading needs.

3 Mounting options, 27kg Concrete base, Surface plate or

When to use an Outdoor Wall Mounted Umbrellas?

Outdoor wall-mounted umbrellas are ideal for situations where space is limited or when you need to maximize the use of your outdoor area.

They are particularly useful in the following scenarios:

1.

Small Spaces

: Perfect for balconies, small patios, or narrow gardens where a traditional freestanding umbrella might be too bulky.

2.

Limited Floor Space

: When you need shade but don't want to sacrifice floor space, as the wall-mounted design frees up the area beneath the umbrella.

3.

Fixed Shade Solutions

: Great for providing consistent shade over specific areas like dining or seating arrangements without the need for a base.

4.

Windy Areas

: Wall-mounted umbrellas are often more stable in windy conditions compared to freestanding models, as they are secured to a solid surface.

These umbrellas offer a clean, modern look while efficiently utilizing available space, making them a versatile choice for enhancing comfort and style in outdoor settings.

35kg Steel flat plate

SU10 SINGLE POLE COMMERCIAL UMBRELLAS

Available in Square 4.0m and 5.0m diameters

Commercial grade aluminium frame structure

Stainless steel hardware for longevity

Shadowspec Retreat

The

Shadowspec Retreat™

offers clever shade for compact spaces being wall mounted. It tilts, rotates and extends to follow the sun, all day long. Manufactured from strong aluminium, 316 stainless steel and other non-corrosive, marine-grade materials. Designed for spaces where ground mounted or free-standing bases aren't suitable, the wall mounted Shadowspec Retreat is perfect for balconies and small patios.

More Outdoor Umbrellas Options:

In addition to cantilever and wall-mounted umbrellas, we offer a diverse range of outdoor umbrella options to suit various needs and preferences. Our cafe umbrellas are perfect for creating inviting shaded areas at restaurants and cafes, designed to blend seamlessly with outdoor dining spaces. For larger or more dynamic shading needs, our resort umbrellas provide expansive coverage and durability, ideal for

luxury outdoor settings. We also feature tilting offset umbrellas, which allow for adjustable angles to follow the sun's movement, ensuring optimal shade throughout the day. Additionally, our centre pole umbrellas combine classic design with practicality, offering a stable and reliable shading solution for a variety of outdoor environments. Each type is crafted to deliver both style and functionality, enhancing any outdoor area with elegant and effective sun protection

SU2 Cafe & Resort Umbrella

Individual, stylish shade. The

SU2 Cafe & Resort Umbrella

is our take on the classic market umbrella. Discover outstanding protection from the sun and the rain, while adding style, class and extra functionality to your outdoor space. Popular with cafes, bars and restaurants. The SU2 is easy to use and built to last in commercial settings. Take your space to the next level, available in multiple shapes, sizes and colours to suit.

SU4 Tilting Offset Umbrella

Refined, functional shade to create stunning spaces. The

SU4 Tilting Offset Umbrella

is an essential, adaptable cantilever umbrella. Create clean lines of sight with an offset mast and a clever combination of tilting and rotating. Discover the luxury of all-day shade as the sun moves across the sky. A collection of natural colours will blend into your space to create a comfortable patio.

SU10 Commercial Centre Pole Umbrella

Heavy-duty design, large sizes and wind resistance. The

SU10 Commercial Centre Pole Umbrella

works hard in a range of settings; hotels, alfresco dining or country clubs. Enjoy easy deployment of the SU10 over existing furniture with the telescopic mast. Explore efficiency with a practical statement-maker, marine-grade componentry and quality fabrics bring you the perfect commercial umbrella for high patronage spaces.

An umbrella for all environments to suit your needs.
